## Front End Developer

7639175250

bhuvanarohitha@gmail.com

Enthusiastic front end developer with solid understanding of programming languages like HTML and developing responsive websites.

Technical proficiency: Javascript, HTML5, CSS3, Bootstrap, React

### EMPLOYMENT HISTORY

Front End Developer  
Infotrixx

Jan 2024 – Feb 2024

- Participated in an internship program and developed a web application for fitness tracking system using programming languages such as HTML5, CSS3, and JavaScript.
- The application enables users to track and monitor their fitness activities, view statistics, and track their progress.
- Debugged and tested the web app using browser developer tools and techniques.
- Hosted the web app using GitHub and published it online.

Project Management Executive  
Integra Software Services

Nov 2021 – Oct 2023

- Dedicated Project Management Executive with a track record of delivering projects on time with high quality. Expertise in people management, stakeholder communication, and a good decision maker.
- With over 2 years of experience in project management, handling 27 journals for Taylor and Francis Group. I am dedicated to staying updated with the latest project management trends and tools to optimize project outcomes and solved the critical queries from the customers. I am passionate about building strong, motivated teams and creating a culture of excellence in project delivery.

Backend Developer Internship  
Kosoft IT solutions

Nov 2020 – May 2021

- Got trained and had real time project experience in Dotnet and SQL
- Created Web modules for user login and authentication for HRMS software
